Lesson Plan – 06: NavBar & Dropdown

Learning Target:	I will learn how to add a navigation bar with drop down menus to my webpage using the Navbar component in the Bootstrap Library.
Standard Referenced	NYS CS Standard #: 9-12.CT.10	Standard: Collaboratively design and develop a program or computational artifact for a specific audience and create documentation outlining implementation features to inform collaborators and users.
Success Criteria:	I will ○ Copy the appropriate tags to add a navigation bar to my webpage. ○ Include 4 Navbar options appropriate for a travel blog.

Lesson Breakdown:

	Activity	**Minutes**	**Time**	**Actual Time**
1	Attendance, Agenda & LT's	3 min	9:00 - 9:03	
2	☐ Model adding Navbar tags into our file ☐ Model how to appropriately modify tags	10 min	9:03 - 9:13	
3	Classwork:	25 min	9:13 - 9:38	
4	Discussion/Wrap-Up: Review the success criteria	5 min	9:38 - 9:43	
5	**Leave no Trace**	2 min	9:43 - 9:45
